I, the parent, want my child removed from the Honors or AP course even if they were automatically enrolled based on their performance on the State of Texas Assessment of Academic Readiness or STAAR End of Course Exam. I understand that academically my child's performance shows that he/she is ready for the more rigorous coursework offered in these classes, however, after meeting with my child's counselor, I want my child to be removed from these advanced classes. Further, I understand that my child will not be able to re-enroll in Honors or Advanced Placement classes until next school year.
